## SUMMARY

---

Aim to be associated with a progressive organization, which offers an excellent atmosphere to prove myself by putting all technical knowledge into practice and profiting myself with experience and valuable knowledge for the development and growth of the organization.

## WORK EXPERIENCE

---

**ANDi Software Solutions Pvt. Ltd.** **Feb 2025 - Present**

- Designed visually appealing graphics and layouts using Canva, enhancing website mockups, social media assets, and client presentation materials.
- Gained hands-on experience in UI/UX design using Canva, creating intuitive and visually engaging layouts for websites and applications to improve user interaction and accessibility.
- Collaborated effectively within a cross-functional team, contributing to project planning, task coordination, and ensuring timely progress through clear communication and teamwork.

## PROJECTS

---

**JobSee(Job Portal using MERN Stack)** **Oct 2024 - Jan 2025**

- Developed a responsive job portal with role-based authentication for recruiters and job seekers using React and Node.js, enabling users to post and apply for jobs seamlessly.
- Integrated dynamic filtering, search functionality, and real-time application tracking to enhance user experience and streamline the recruitment process.

**Clone of Dashmesh Website (For Desining Purpose)**

- Recreated the complete UI of a donation platform, focusing on modern design principles, responsive layout, and consistent styling across all components. Conducted feasibility studies and risk assessments, mitigating potential project risks.
- Emulated key frontend features such as donation form layout, navigation bar, and call-to-action sections to closely match the original site's functionality.

## EDUCATION

---

**Bachelor of Computer Applications** **Aug 2022 - Present**  
Hindu Institute of Management

**Senior Secondary Education** **Apr 2021 - Mar 2022**  
Swami Dayamuni Vidyapeeth Sr. Sec. School
